*Please complete the medical questionnaire before making a reservation.*
*This system is not intended to be accessed from outside Japan. If you are traveling overseas, please use this system only after your return to Japan.*

**How to complete the questionnaire**

1. A calendar will be displayed when you log in to the reservation site. You will be taken to the Medical Questionnaire when you click on "input page" towards the bottom of the page beneath the calendar.

2. A QR code will be produced for each questionnaire that has been completed. Please make sure to print the displayed QR code, and remember to bring it with you on the day of your health examination.
* Completing the online questionnaire does record your entries. The data entered is registered by reading the QR codes at the venues of the medical check-ups.

* Your answers cannot be registered unless the QR codes are available, and unnecessary time will be wasted during the check-ups redoing the questionnaire. Please make sure to complete the questionnaire beforehand and to bring the QR codes with you.

* Make sure when printing the QR codes that they are in a condition that can be read properly.
