2. For the following:
Students admitted to the University of Tokyo in Autumn 2019.
• 1st year Master’s program students
• 1st year Professional degree program students
• Auditing Students
• Specially registered students
• Research Students
• Graduate research students
• 1st year doctorate program students
• Undergraduate transfer students (3rd year)
• Special auditing students
• Specially registered graduate students
• Special research students
• Graduate foreign research Students

3. Preparations:
1) Student ID Card (if you do not have Student Card yet, please bring your Certificate of Enrollment)
2) Three printed QR codes (which will be displayed after the online questionnaires have been completed)
3) Urine sample
4) Reservation number (only for Hongo)
5) Bring to wear plain-colored T’shirts (see note 5-3 below)
6) Special Care Required when Attending University (only for those specified) *

*1. If you need special care to learn at the university due to your health, please complete and bring the “Special Care Required when Attending University” form. The form “Special Care Required when Attending University” can be downloaded from the Health Service Center’s home page. The form can be submitted at any of the Health Service Centers. Those who required special care, please complete the form before coming for their health check-up.
4. The checkup includes:
   ① Urinalysis², ② Taking history and medical questionnaires, blood pressure evaluation,
   ③ Electrocardiography, ④ Chest X-ray examination (you will be permitted to skip this examination if
   you are pregnant or think you may be pregnant), ⑤ Height and body weight measurement, abdominal
   circumference, ⑥ Blood tests³

² You will receive a urine sample container before the medical check-up. Please bring your urine sample taken first
   thing on the morning of the check-up. Students who do not receive a sample container from their administrative
   department should pick up a sample container from the Health Service Center.

³ Please do not collect a urine sample if you are in your menstrual period. Please contact a staff at reception.

* Information concerning the blood test
   Tests of the blood in the fasting state is ideal, and therefore those who have their check-up in the morning should
   come without having had breakfast and refrain from having drinks that contain calories. Those with check-ups in the
   afternoon should finish a light breakfast by 7:00am, and refrain from eating and only have drinks that do not have
   calories in them until after the check-up.

(Please make sure to keep hydrated by taking drinks without calories, such as water or straight tea.)

5. Please note the following points on the Health Check-up:

1) Please answer the Online Medical Questionnaires through the website. For details on the Online Medical Questionnaires, access (http://www.hc.u-tokyo.ac.jp/en/).
   * Your answers cannot be registered unless the QR codes are available and unnecessary time will be
     wasted during the check-ups redoing the questionnaire. Please make sure to complete the
     questionnaire beforehand and to bring the QR codes with you.

2) If you wish to take your medical check-up on Hongo Campus, please make a reservation through the
   website. Priority is given to students who have reservations. If you do not make a reservation, during
   busy periods you may have to wait a long time, or you may not be able to have the health check-up at
   that time. For details on making the reservation, please access (http://www.hc.u-tokyo.ac.jp/en/).

3) As chest X-rays will be taken, please wear clothing that you can remove from your upper body.
   Please wear or bring a plain T-shirt and refrain from having any metal fittings, adjusters, prints,
   beads, buttons, lace, gathers, elastic strings, embroideries, lame materials, undergarments with bra
   cups, collars, V-neck shirts, or overlapped thick materials.
   Please remove any jewelries/accessories in advance. (necklaces, earrings, body piercings etc.)
   Please bring something to tie your hair if you wear it long. Also, please make sure you are able to
   bare your ankles for the electrocardiography – therefore please refrain from wearing tights or
   stockings.

4) Please do not exercise severely the day before the check-up so that accurate examinations results can
   be obtained.

5) If you are taking medication daily, please ask your doctor about the correct methods of when and how
   to take the medicines.

6) All students are required to have a health check-up. Without medical check-up documentations, you
   will not be able to obtain certificates required for enrolling in some specialty courses, moving to
   another university as well as making various applications.

7) The next medical check-up is not until the one in the next academic year, between April and June, 2020.
   Please note that you will not be able to take one next autumn.

8) Please call the relevant Health Service Center if you are unable to attend the check-up during the
   dates because of justifiable reasons, such as hospitalization, studying abroad, taking leave of absence
   or working at one of the distant research facilities, etc.

9) Health certificate can be issued from three weeks from the date of examination.

10) Please inform the relevant Health Service Center, if you wish to substitute the results from medical
    examinations you received at the Health Service Center or another clinic within the last three months
    instead.

11) Those who need special assistance should contact us in advance, as we expect the period to be very
    crowded.

12) Valuable should be looked after individually during the health check-up. Please make sure that you
    do not lose or leave anything behind.
